

Join the Royal Logistics Corps Institution (RLCi)

We are a professional network that connects leaders in defence, industry and academia to drive professional development, innovation and excellence in military logistics.

Professional Development

A hub for learning, collaboration and knowledge sharing, connecting military, industry and academic expertise.

Strategic Engagement

Strengthen partnerships with the Military Strategic Headquarters, the National Armaments Directorate, industry and academia to support future capability.

Innovation & Collaboration

Access cutting-edge technologies, research and best practice through partnerships, workshops and think tanks.

Logistics Excellence

Share expertise in logistics innovation, including survivability, deception, supply chain resilience, asset visibility, data analytics and decision support.

Membership options

Membership connects organisations with the Army logistics community, providing opportunities to build valuable relationships, share expertise and contribute to the future of military logistics.

Members gain unique insights, access to thought leadership and the chance to collaborate with leaders across defence, industry and academia.

Choose from three levels of membership:	Friend*	Supporter	Partner
